2) OVERVIEW AND INTRODUCTION

Enact is providing this Guide to support the default management and reporting servicing activities for loans insured under Master Policy 1920.

The applicable Policy sets forth the terms and conditions that govern mortgage insurance issued by Enact. Please refer to the applicable Policy for complete details. This Guide is intended to provide clarification, illustrative examples and supplemental information on the requirements of the Policy. In the event the requirements of the Policy or this Guide are not followed it may, in certain circumstances, result in cancellation of coverage, rescission, reduction in the Insurance Benefit, or Claim denial. If there is a conflict between this Guide and the Policy, the terms and conditions of the applicable Policy will control. For ease of reference, capitalized terms used and not defined in this Guide have the meanings set forth in MP 1920.

We have provided the information in this Guide to help you better understand the process for:

- Mitigating Loss
- Default Servicing Requirements
- Appropriate Proceedings
- Servicer Workout Delegation
- Workouts
- Reporting Requirements

Mitigating Losses: Servicers must prevent and mitigate loss in a reasonable and prudent manner consistent with generally accepted standards of servicing in the first-lien residential mortgage industry. This includes efforts to obtain a cure of the Default, inspection and appraisal of the Property, offering a Borrower who has the willingness and ability to cure the Default a Workout, and diligently pursuing and completing Appropriate Proceedings. Servicers must consider all available Workout opportunities and minimize foreclosure and bankruptcy timelines and associated claimable expenses.

Servicer Requirements: The Default management provisions of this Guide do not apply to loans insured for a State Housing Finance Agency (including CalHFA), Federal/Home Loan Bank, structured transactions (bulk), or Pool Insured Loans. For Default servicing of such loans, in general Servicers have a duty to mitigate insured losses in accordance with the applicable investor guidelines and Enact specific servicing requirements.

Servicers will be considered in compliance with Enact's default management servicing and reporting requirements if they are in compliance with the Enact Guidelines. "Enact Guidelines" means all guidelines, policies, and documents governing the servicing requirements of each Loan, which may include but are not limited to GSE guidelines, the CFPB servicing rule, all servicing guidelines provided by Enact, and the Policy.

2A) NON-COMPLIANCE

All servicing and loss mitigation activities and efforts must be fully documented in the Servicing File. In order to perfect a Claim in accordance with the Policy, the complete Servicing File must be submitted.

Failure to maintain and provide the complete Servicing File, or failure to comply with the Enact Guidelines may cause a delay in processing the Claim and may also result in cancellation of coverage, a denial of a Claim, or a reduction of the Insurance Benefit.

2B) GENERAL SERVICING REQUIREMENTS

Enact requires Servicers to have adequate management and staff who are properly trained to carry out their assigned Default servicing and loss mitigation duties. Servicers must maintain adequate servicing systems that are capable of maximizing Servicer performance and have the ability to provide adequate reporting on status and results of Default servicing and loss mitigation activities.

Servicers shall also maintain policies and procedures reasonably designed to ensure the Servicer can achieve the following objectives: (1) access and provide timely and accurate information to Borrowers, (2) properly evaluate loss mitigation options, (3) facilitate oversight and compliance of service providers, (4) facilitate transfer of information during servicing transfers, and (5) inform Borrowers of error resolution and information request procedures.

Enact reserves the right to audit and review the Servicer's staffing, training and hiring plans, systems readiness and all internal servicing related policies and procedures. Further, Enact reserves the right to audit individual loans to determine prioritization and compliance to all applicable servicing requirements for each loan.

2C) DEFAULT SERVICING REQUIREMENTS

Early and Ongoing Delinquency Contact (including collection, Workout and loss mitigation)

Servicers must meet the early intervention, continuity of contact, and loss mitigation requirements set forth in the Enact Guidelines.

The primary objective is to make contact with the Borrower, assess the Borrower's situation and collect any past due payment(s), if possible, to the extent permitted by applicable law. If collection or reinstatement is not possible, the Borrower must be considered for all available Workout options.

In accordance with the Enact Guidelines, loss mitigation efforts are required beyond basic collection and foreclosure efforts, and we audit Claims to determine if reasonable loss mitigation efforts have been applied. This includes making good faith efforts to cure the Default, including prompt and ongoing Borrower contact, offering Borrowers who have the willingness and ability to cure the Default a Workout and, if such attempts are unsuccessful, to effectuate the early disposition of the Property.

Enact may routinely audit Claims for consistent effort and compliance to this Guide and the Policy throughout the delinquency period. The documentation in the Servicing File should contain evidence of good faith efforts to establish live contact with Delinquent Borrowers, written notices to Delinquent Borrowers of available loss mitigation options and notes detailing conversations with the Borrower regarding Workout options (including repayment plans, modifications, HAMP, HAFA, forbearance, short sale, deed-in-lieu of foreclosure).

Contact the ActionCenter for assistance at 800-444-5664.

4) FORECLOSURE

Before any referral to foreclosure, the Servicer must ensure that reasonable attempts and diligent efforts have been made to contact the Borrower and offer all possible foreclosure alternatives consistent with Enact Guidelines.

Enact requires foreclosure to commence by the later of the following, unless we instruct you to take other action:

- 30 days after the loan remains in Default for a period of six consecutive months; or
- 60 days after the earliest date allowed by applicable law.

Enact reserves the right to direct the Servicer to commence foreclosure earlier and in accordance with the Policy terms, subject to applicable law. If the Property has been abandoned, Borrower refuses to cooperate, or if no Workout is possible, the Servicer must document the Servicing File accordingly and is instructed to expedite the foreclosure process to the extent permitted under applicable law. No further written instruction is required from Enact.

Once foreclosure is commenced, the Servicer must diligently pursue completion of the foreclosure in accordance with applicable law.

Unless prohibited by the Enact Guidelines and applicable law, Enact requires Servicers to consider both Workouts and foreclosures independently. Even after the initiation of foreclosure, the Servicer must continue to pursue Workout options with the Borrower.

Completion of foreclosure must be diligently pursued in accordance with applicable law and within Enact Guidelines. If a foreclosure action extends beyond the foreclosure timelines, the Servicer must document the Servicing File with an explanation of the delay and submit a chronological listing of events on attorney letterhead to explain the delay if a Claim is filed.

See the Claim and Foreclosure Bidding Servicing Guide for foreclosure bidding instructions.

5) BANKRUPTCY

Enact requires Servicers to (1) follow Enact Guidelines and (2) minimize the time a loan is affected by bankruptcy by expeditiously preparing required documentation.

While discharge of a non-reaffirmed debt in a bankruptcy does prohibit any further attempts to collect the debt, it does not prohibit the creditor from enforcing its lien rights in the Property by pursuing liquidation options such as a short sale or deed-in-lieu of foreclosure with the Borrower or the Borrower's attorney.

Servicers must within 60 calendar days pursue and document loss mitigation activity in the Servicing File after obtaining a lift-of-stay, discharge or dismissal from bankruptcy as permitted by applicable law. Also, once an automatic stay is lifted, the case is dismissed, or the Borrower has received a discharge along with a trustee abandonment of the Property, the Servicer must immediately send any required breach letter to the Borrower (if it was not previously sent) and refer the loan to an attorney to initiate (or resume) Appropriate Proceedings. If the Borrower intends to retain possession of the Property, the bankruptcy attorney must work with the court, the Borrower's counsel, and the Servicer to pursue Workout alternatives and document such efforts.

6) DISASTER

For all Enact insured loans, servicers are required to remain in compliance with the applicable GSE disaster policy. For non-GSE loans, servicers must remain in compliance with a GSE disaster policy. Servicers who adhere to the GSE disaster policy will be in compliance with Enact's servicing requirements.

7) WORKOUTS

All Workouts must be approved by Enact, and Enact's approval must precede any notification of approval to the Borrower.

There are two (2) approval options:

- Participation in Enact's Servicer delegated Workout program, or
- Submitting the request to Enact for individual case-by-case review.

Loans that do not fit the parameters of the Enact Workout delegation must be submitted to Enact for case-by-case review.

WORKOUT ORDER

Unless otherwise permitted under the CFPB Rule and GSE Guidelines, Enact requires that Borrowers be considered for Workouts in the following order:

- First: Retention Workouts (repayment plan, payment deferrals, modifications, etc.)
- Second: Liquidation Workouts (short sale, deed-in-lieu of foreclosure, etc.) – The Servicer should consider a liquidation Workout only if a retention Workout fails or a retention Workout is considered, but the Borrower does not qualify for or refuses to cooperate in any retention Workout. Liquidation Workout documentation in the Servicing File should include discussions with the Borrower regarding the listing of their Property, short sale, and deed-in-lieu of foreclosure options.

These requirements do not restrict the Servicer or GSE Beneficiary from electing to foreclose on a Property, but note that the Insurance Benefit may be reduced if such foreclosure results in non-compliance with the servicing requirements of the Policy.

For further information, please refer to the Workout Delegation and the Submission Options sections for each workout type in this Guide.

7A) SERVICER DELEGATED WORKOUT PROGRAM PARAMETERS

Under the Servicer Delegated Workout Program, Enact authorizes Servicers to decision most retention and liquidation Workouts for loans that are serviced by them and insured by Enact.

REQUIREMENTS

This delegation is subject to the following requirements:

- Standard Workout packages and documentation are required for all borrowers liable for the mortgage.
- Borrower must be experiencing a legitimate hardship. (See the [Acceptable Hardships section](#) below)
- Servicers are required to report to Enact all Workouts decided as *approved*, *failed* or *closed* as specified in [Section 10B\) MILAR Reporting](#).
- Servicers must meet investor guidelines for all Workout approvals.
- All other guidelines as outlined in Enact's Master Policy, Lender Servicing and Delinquency Reporting Guide, and the applicable Default Management Servicing Guide must be followed.
- Periodic reviews will be conducted to determine Workout program compliance. (See the [Program Compliance Review](#) section below)

ACCEPTABLE HARDSHIPS

Acceptable “hardships” include, but are not limited to, the following

- Death of a borrower or primary wage-earner
- Disability or illness
- Disaster
- Divorce
- Excessive credit obligations
- Forced relocation
- Reduced income
- Unemployment

PROGRAM COMPLIANCE REVIEW

Enact reserves the right to review the Servicer’s performance periodically and to request Workout documentation for evaluating the Servicer’s adherence to Enact’s delegated guidelines. This Delegated Workout Program Review will assess delegated program compliance and determine any servicer training needs. This delegation is conditioned upon the guidelines outlined in this document. Enact reserves the right to alter or discontinue this delegation at any time.

DELEGATION FOR OTHER SERVICER PROGRAM

Enact will review servicer Workout programs with terms exceeding our delegated parameters to determine acceptability and/or delegated eligibility. Submit the written program guidelines to Enact for consideration via email to HOA@EnactMI.com.

7B) IMMINENT DEFAULT

Unless otherwise permitted under GSE Guidelines, if a Borrower has communicated a valid hardship to the Servicer but is not currently in Default, Enact requires Servicers to pursue all available Workout opportunities.

7C) STRATEGIC DEFAULT

Servicers must ensure that reasonable diligence is applied to identify “strategic Default” by Borrowers who have the means to continue making payments. If a Borrower has the means to continue payments, but no longer desires the Property or to continue making mortgage payments, Servicers should counsel the Borrower on the importance of continuing payments and the consequences of foreclosure. If the Borrower still does not wish to continue making payments, Servicer must consider a liquidation Workout to mitigate losses, with appropriate Borrower contribution based on the Borrower’s financial situation.

- Change of rate
- Change of term - up to 480 months

NON-DELEGATED REQUIREMENTS

Modifications that are not on the list of Industry/Investor approved modification programs require Enact’s prior approval.

Note: Principal reduction modifications are NOT included in Enact’s Workout delegation and must be submitted for case-by-case review. In the event a principal reduction modification is completed, and the terms are not approved by Enact, the amount of the principal reduction may not be included in the Claim Amount and therefore the Insurance Benefit may be reduced.

As further clarification, the principal reduction must be funded by the Initial Insured, the Insured (including the Servicer) or the Beneficiary. As an example, portions of principal reduction funds obtained through state Hardest Hit programs are not included in the Claim Amount.
